Hiring Manager
Eggersmann Group
Aachen, Germany

Dear Hiring Manager,

I am writing to express my interest in the internship opportunity at Eggersmann Group as advertised. With a good foundation in data science and a passion for digitalization and sustainability, I am eager to contribute to the digital transformation of the recycling industry alongside your team.

Currently pursuing my Master of Science in Data Science at RWTH Aachen University, I have honed my skills in machine learning, data analysis, and automation technologies. My academic coursework and hands-on experience as a Software Engineer at Gemini Solutions have equipped me with the technical proficiency and problem-solving abilities necessary to thrive in dynamic and innovative environments.

The prospect of working within Eggersmann Group's digital innovation forge resonates deeply with my career aspirations. I am particularly drawn to the opportunity to develop sustainable solutions for the digitalization of recycling processes, leveraging data analysis and AI to optimize operations and drive meaningful impact.

My academic background in computer science, coupled with my practical experience in machine data analytics and proficiency in Python programming, align closely with the qualifications outlined for the internship role. Moreover, my proactive approach to learning, structured work ethic, and collaborative mindset make me well-suited to thrive in a startup culture characterized by innovation and creativity.

I am excited about the prospect of contributing to Eggersmann Group's mission to shape the future of the recycling industry through digitalization and automation. Enclosed is my resume, which provides further details regarding my qualifications and experiences.

Thank you for considering my application. I am eager to discuss how my skills and aspirations align with the goals of Eggersmann Group. I look forward to the opportunity to contribute to your esteemed team and make meaningful contributions to your digital transformation initiatives.

Yours Faithfully
Amlendu Shekhar
